

ANNUAL REPORT 2020-2021

The Central County School opens avenues for children to a wide range of enriching & holistic learning experiences through a right combination of conventional & modern teaching – learning facilities and with appropriate tinge of latest technology that will make learning a truly purposeful endeavor. The children of TCCS cherish a legacy of honor , disciplined academic and moral growth and will garner all recipes for success that they eventually shall turn out to become. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality.

- **Academic Achievements :**

TCCS always had a broad vision to nourish the minds of children through medium of education. TCCS develops the academic performance of students by multiple assessment techniques which comprises of cognitive, psycho-motor and application skills . These assessments are carried out to understand the mind's skills & aptitude with the purpose to augment competency levels so as to achieve the desired growth & further academic potentials.

The beginning of the session was done with the orientation program for class 1st to 10th .The program made parents aware about the curriculum, rules and regulations, various activities planned for the year, various assessments criterions to be implemented in the school using “Child-Centric Methodology” on the lines of chartered academic policies .

Pursuit of excellence with sincerity & perseverance is what we strive for. The academic progress of TCCS were proved once again with 100 percent success in the class X AISSE examinations 2020 conducted by CBSE. This was the consistent fifth year of achieving 100% results by TCCS.

The Science Olympiad Foundation (SOF) is an educational foundation based in New Delhi promotes science, mathematics, general knowledge, introductory computer education and English language skills among school children in India through various Olympiad examinations. It helps students in their studies by providing higher level of education through their books, sample papers & olympiads.

Students of TCCS also participated and won medals and qualified for Level -2 as well. It was indeed a moment of great pride for us that during this pandemic situation also students actively participated and secured position in the respective olympiad.

- **Efforts made towards Environmental Education:**

‘Variety is the spice of life.’ The school life is made colorful and meaningful by the observance of important days in which the students deliver speeches, present skits, tableau etc. thus bringing into focus the significance of Environment. To inculcate the love towards environment and to take efforts towards protecting the environment, various activities were held like Science Exhibition , Quiz competition, projects, online survey, cleanliness drive, plantation , preparing jingles, etc. which not only foster concern towards environment but also towards holistic development of child.

- **Sports Achievements:**

Sports and physical activities are important agenda in our school’s curriculum. To contribute towards the physical fitness and also administer the required doses of energy for physical and mental development in children, TCCS tailormade activities which focused on physical aspects of child. Activities which can be performed at home like skipping, hopscotch, passing the ball, family board games, jigsaw puzzles, ping pong puff, etc. were conducted.

Best to showcase their talent competitions are conducted at different levels in school. It gives chance for participating to gain experience ,build stage ,confidence and showcase their skills -school, Inter- house and inter class competitions such as debate, folklore , Hasya kavi pratiyogita, Quiz competition, Rangoli competition, Conservation-Ideation, Science tool making, Jewellery designing , Acting, Poetry designing, Ad making, Singing, Creative – Writing, Drawing and Painting. Our students take part in various competitions and brought laurels to the school.

Besides such activities also develops the qualities of self-discipline, co-operation, group work, sportsmanship, self-determination, perseverance , courage, self-confidence, formation of good habits, honesty and team-spirit which play a rather defining role in moulding of personality.

- **Innovations:**

Keeping oneself abreast of new innovations and developments is the key to achieve excellence in any field. Our teachers constantly strive to stay updated by attending workshops and various training programmes. The in-house subject specific training of all the departments were held in the school online. Trainings conducted by CBSE and various other online portals like DIKSHA, NISHTHA, Life skills by CBSE, Experiential Learning , Understanding 21st Century skills ,National Education Policy 2020, Understanding Blooms Taxonomy , Essentials of Lesson plan , Introduction to

Experiential Learning ,Early Childhood Care and Education ,Happy Teachers create Happy Classrooms ,Stress Management-Myths about Stress ,Competency based education ,Art Integrated Education , etc were also attended by the teachers.

Innovation is not only restricted to teachers but it is also for the students to develop their creative and critical thinking that would enable the learners to achieve satisfactory level of social , aesthetic and intellectual level. The students were encouraged to perform activities based on developing literacy, numeric fluency, linguistic abilities, social & cultural values, etc. which help them to acquire new experiences from different areas in different subjects.

- **Subject Enrichment Activities**

Subject Enrichment Activities build the area of interest in creativity .It motivates & encourages children to participate in wide array of events. It developed speaking and listening skill for languages, practical work for Science & Maths and project for SST. This learning process enhances the psychological state of student and kindles interest and minimizes the habit of rote learning. It facilitates thinking, observing, handling and manipulating things around them which enables stimulation of instincts of creativeness, curiosity and scientific temper and firmly establishes confidence in them. Thus, such enrichment activities plays a decisive role in all round growth of personality and preparedness of mind and character.

- **Co-Curricular activities**

Co-curricular activities are an integral part of the balanced curriculum & provide ample opportunities to children's experience in creativity. Children need motivation and encouragement to participate in wide array of events for self-advancement, self-confidence and resourcefulness. Activities which develop their hobbies and interests, Celebration of religious festivals, Colors day, Medical checkup, sports day, Annual Day, Art & Craft Exhibition ,Cultural and aesthetic activities, Educational tours, Theaters ,Photography, Dramatics, Script writing, etc were conducted. School Management and staff appreciated the students .

- **Important decisions by SMC and PTA**

The School Management Committee (SMC) during the pandemic decided to start the session through the online portals available like Zoom, Google Meet, etc. The entire planning for running of the school during the lockdown situation was a cumbersome process but with the advancement of technology it was possible to give a new start to the school through the available online platforms. The SMC decided to head start the new session by creating

awareness among parents regarding COVID-19 and the various protocols to be followed during the pandemic situation and also made them aware about the online education to be imparted to the students without getting panic so that the students will remain in connected to the academics and will not be at any loss.

The general body meeting was called for the formation of PTA and the process of selection of executive committee members of association as per the directives of the govt. keeping in mind all the protocol related to Social distancing and precautions against COVID-19. Some other important decisions were also taken as follows:

1. Informing the Fee Structure approved by the previous Executive members of PTA for the Academic session 2020-2021.
2. Approval of Annual Academic Calendar and Students' Time-table.
3. Approval of Co-curricular activities.
4. Suggestion on measures and steps to be taken for academically weaker students.
5. Invitation of applications for the appointments of executive committee members amongst the parent members and the teacher members of PTA.
6. Confirmation of the constituted Executive Committee Members of PTA for Academic Session 2020-2021 .
7. Confirmation of powers, duties and functions of the Executive Committee.
8. Confirmation of the selection of Textbooks and Stationery for classes I to X for academic session 2021-2022.
9. Organizing School level Science Exhibition post-Diwali vacations.
10. Academic Review of the completed syllabus of the current session 2020-2021
11. Result Declaration of the Assessment.

All these decisions were taken after the consent of each and every member.
